Sheikh Abubakr Foundation

Sheikh Abubakr Foundation is an educational NGO that was formed in 2023 to uplift students through scholarships, foster professional growth, and champion economic sustainability, the Foundation stands against the prohibitive cost of higher education. Passionate about driving excellence, Sheikh Abubakr Foundation focuses on crucial areas such as Genetic Science, Artificial Intelligence, Space Science, Finance, Commerce portfolios, and applied economics

Scholar Spark Talent Hunt Examination 2025
An Educational Advancement Initiative by the Sheikh Abubakr Foundation

The **Scholar Spark Talent Hunt Examination** is a foundational academic initiative designed to identify and nurture high-achieving students from the 8th standard onwards. This program serves as an entry point for long-term educational support, aiming to elevate meritorious learners through structured financial assistance, academic mentorship, and progressive guidance from secondary school to postgraduate studies.

Talented students are shortlisted through a competitive scholarship examination and interview process conducted at the 8th standard level. Those selected will receive sustained scholarship support across five key academic stages:
8th, 9th, 10th, 11th, and 12th standards.

Students demonstrating consistent academic excellence will be eligible for continued support throughout their undergraduate and postgraduate education. This includes financial assistance, academic counseling, and access to institutional resources that promote scholarly achievement and career readiness.
